ESPD

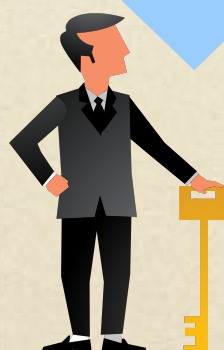

more than just
a procurement
ID

Verifies bidder's eligibility in four steps:

1. Buyer creates/reuses an ESPD template, defining the exclusion and selection criteria
2. Bidder indicates his eligibility and submits the ESPD with the bid
3. ESPD service automatically generates an overview for all bids
4. Originals requested only from the winner

cuts bidding costs
complexity
red tape

boosts cross-border
accessibility
ease of use

KEY FEATURES

self-declaration

as preliminary evidence in
public procurement

proof of eligibility provided easily

online

template

prepared by the buyer and
filled in by bidder or automatically

evidence provided by

winners only
